Section 1506. Miscellaneous Service Enterprises.

(a) Licensed Architects.

(1) In General. Fees paid to licensed architects for their ability to design, conceive or communicate ideas, concepts, designs, and specifications are not subject to tax. Any plans, specifications, renderings or models or other instruments of service provided by a licensed architect under a licensed architect's contract or commission are integral to the licensed architect's services and are not subject to tax. The licensed architect is the consumer of any tangible personal property, including plans, specifications, renderings or models, used or transferred in the performance of professional services notwithstanding the fact that a fee may be added to the cost of the property and separately stated on a billing to the customer. If after the completion of the contract or commission the licensed architect provides additional copies of the original plans or specifications, or any models or renderings of an existing structure, the architect is regarded as making a sale of such copies, models or renderings.

(2) Licensed Architect. A "licensed architect" is defined under the Business and Professions Code Chapter 3, Division 3, Section 5500 as follows:

"As used in this chapter, architect means a person who is licensed to practice architecture in this state under the authority of this chapter."

A licensed architect preparing or being in responsible control of plans, specifications, and instruments of service is required to affix to those plans, specifications, and instruments of service their stamp or seal which bears the licensee's name, his or her license number, the legend "Licensed Architect" and the legend "State of California," and which shall provide a means of indicating the renewal date of the license.

(3) Architectural Perspectivists and Modelers. Architectural perspectivists do not act as "licensed architects." Architectural perspectivists are the retailers of renderings, prints and drawings they provide to architects or other consumers and tax applies to their entire charge for such items. Modelers do not act as "licensed architects." Modelers are the retailers of models they provide to architects or other consumers, and tax applies to their entire charge for such items.

(4) Licensed architects who produce renderings, prints, drawings or models pursuant to a contract that includes professional architectural services are not retailers of the renderings, prints, drawings or models they provide pursuant to that contract for architectural services. Tax does not apply to their charge for such items.

(c) Clothes Cleaners and Dyers

(1) Clothes Cleaning - In General. Persons who provide clothes-cleaning services are consumers of the supplies and other materials used in performing their cleaning services, and tax applies to the sale to them of the supplies and other materials and not to their charges for such services.

(2) Rentals. Clothes cleaners are the consumers of linen supplies and similar articles, including towels, uniforms, coveralls, shop coats, dust cloths, and similar items, rented to others when an essential part of the rental contract is the furnishing of the recurring service of laundering or cleaning of the articles rented, and tax applies with respect to the sale to them of such articles.

(3) Clothes Dyeing - In General. Persons who provide dyeing services are retailers, not consumers, when their charges are for the dyeing of new fabrics, garments, or other such items and tax applies to their gross receipts from such sales. Persons who dye new items are required to hold a seller's permit.

Dyers are consumers of the supplies and other materials used in dyeing used fabrics, garments, or other such items and tax applies to the sale to them of the supplies and other materials and not to their charges for their dyeing services.

(4) Alteration of Garments - In General. For the purposes of this subdivision (c), alteration of garments means and includes any work performed upon new or used men's, women's and children's clothing to meet the requirements of the customer whether the work involves the addition of material to the garment, removal of material, refitting, or repairing. Alteration of garments does not mean or include the process of dyeing garments. Alteration of garments also does not mean or include work performed upon new or used personal and household items such as handbags, stuffed animals, bedding, and draperies. The application of tax to a clothes cleaner's or a dyer's charges for the alteration of personal or household items is explained in Regulation 1524.

(A) Alteration of Garments by Clothes Cleaning or Dyeing Establishments. A clothes cleaning or dyeing establishment, including wet cleaners (e.g., launderers) and dry cleaners, means and includes a clothes cleaner or dyer who (1) operates a location or locations as a pickup and delivery point for garment cleaning, or (2) provides spotting and pressing services on the premises, but not garment cleaning, or (3) operates a garment cleaning or dyeing plant on the premises.

A clothes cleaner or dyeing establishment described above is the consumer of property used or furnished in the alteration of new or used garments provided that:

1. Seventy-five percent (75%) or more of the establishment's total gross receipts represent charges for garment cleaning or dyeing services, and
2. No more than twenty percent (20%) of the establishment's total gross receipts during the preceding calendar year were from the alteration of garments.

If a clothes cleaner or dyer is not an establishment as described or does not meet the requirements of this paragraph (A), tax applies to the clothes cleaner's or the dyer's charges for the alteration of garments as explained in Regulation 1524.

(B) Alteration of Garments by a Third Party. When a clothes cleaner or dyer who meets the requirements of subdivision (c)(4)(A) contracts with a third party such as a tailor for the alteration of garments instead of performing such alterations itself, the clothes cleaner or dyer is a consumer, not a retailer, of the alterations provided by the third party and may not issue a resale certificate to the third party for such alterations. Tax applies to the third party's charges to the clothes cleaner or dyer for such alterations as explained in Regulation 1524.

(5) Miscellaneous Sale of Items. Clothes cleaners and dyers, whether or not they meet the requirements of subdivision (c)(4)(A), are retailers of any supplies, used items, or other tangible personal property such as lint brushes, abandoned garments, wood hangers, or novelty items, which they sell to customers in the regular course of business, and tax applies to the gross receipts from such sales. As retailers of tangible personal property, such persons are required to hold a seller's permit.

(d) Circulating Libraries. When circulating libraries, which are engaged in the business of renting books to others, pay tax measured by the purchase price of such books either to the person from whom the books are purchased or to the board, tax does not apply to the amount charged for the rental of such books. Such libraries are retailers of new or used books which they sell to consumers in the regular course of business, and tax applies to the gross receipts from such sales.

(f) Gun Clubs. Gun clubs are consumers, not retailers, of clay pigeons or blue rocks furnished to members or patrons in connection with trapshooting or similar sports even though the charge for the service is measured by the number of clay pigeons or blue rocks used. The tax applies with respect to the sale of such property to the clubs.

The term also includes replacement and repair parts. Tax applies with respect to the sale of such products to licensed hearing aid dispensers.

Tax applies to the retail sale of such products by persons who are not licensed hearing aid dispensers.

Participants are required to attend a camp orientation on the first day, but during the rest of the camp they can attend as many of the scheduled activities as they want, or they can elect to attend no activities.

If a single charge is made for all of the privileges extended by the camp, a segregation must be made ~~and the tax returned~~ on that portion of the total charge representing taxable receipts from the sale of meals or other tangible personal property. In the absence of such a segregation, the taxable receipts from the sale of meals or other tangible personal property shall be determined by the board based on information available to it.

(i) Taxidermists. Taxidermists are consumers of the materials used in repairing, stuffing and mounting skins, heads, etc., of animals, birds, fish, and the like furnished by their customers, and tax applies with respect to the sale of such property to them.
